

Hello, I'm Dave Allen

and I'm running for city commissioner.

PROVEN

I founded several non-profit organizations that have had a tremendous impact on the 3rd Ward and Grand Rapids as a whole: Oakdale Neighbors, City Vision, and Lighthouse Communities (now LINC).

INNOVATIVE

During my tenure on the Grand Rapids Public School Board of Education, I helped design a bid process that resulted in larger established companies teaming with smaller local and minority contractors in order to obtain construction contracts.

COMMITTED

I plan to address the city service issues in a way that improves quality for residents, businesses, and developers in our 3rd Ward. I will be a voice of the people in the 3rd Ward and continue addressing the needs of our district in regard to our police and fire departments. My door will always be open to those within the 3rd Ward who wish to express their concerns and make their ideas heard. I will be your voice in the 3rd Ward.

The Southeast Side has been an integral part of my family's life since moving to Grand Rapids in 1993. Grand Rapids' 3rd Ward is where my wife Donna and I worship, raised our children, and sent them to school. Our legacy continues, as our children have homes and are now raising their children in the 3rd Ward.

In my 20 years of community development work, the agencies I have launched have developed over 800 units of affordable housing and generated over 50 million dollars directly into our local economy.

Vote Allen
